VI ADJOURN
TO: Board of Directors, Three Rivers Levee Improvement Authority  
FROM: Beverly J. Barnos, Personnel Director/Risk Manager  
DATE: May 16, 2006

RECOMMENDATION: Approve the attached employment agreement among the Three Rivers Levee Improvement Authority, The County of Yuba, and Paul G. Brunner and authorize Chair to execute same.

BACKGROUND: The Three Rivers Levee Improvement Authority was formed in April 2004 and exists to provide for flood control improvements located in the County for constituents in the unincorporated areas of Yuba County, including improvements to the levee system and related drain age improvements. Since its inception, the County Administrative Officer for the County of Yuba has been the Executive Director of the Authority.

DISCUSSION: TRLIA has been very successful in planning and executing their objectives of levee repair work in Yuba County. Current projects are slated to be completed in 2008. Because the current Executive Director, Kent McCallin will be retiring in June, and the continued complexity of the projects planned, the authority felt it necessary to establish an Executive Director position that was dedicated to these projects, and not other County business such as the UNO's position requires.

The attached contract is the employment agreement among the Three Rivers Levee Improvement Authority, The County of Yuba, and Paul G. Brunner. Mr. Brunner has over 20 years experience in environmental project management and design and is a registered Civil Engineer. It is our recommendation that this employment agreement be approved, and the Chair authorized to sign the agreement. It is scheduled to be approved by the County of Yuba Board at their scheduled meeting this morning.

Fiscal Impact: Approximately $170,000 salary and benefits, already included in the budget.

The parties agree that Employee shall be an at-will employee of both the Authority and the County. Employee or the Authority may terminate this employment relationship at any time during the term of this Agreement with or without cause and as described more fully below.

An Authority decision to release Employee may be made in closed session consistent with the Ralph M. Brown Act and subsequently announced in a public meeting. The Authority shall transmit its decision to release Employee to the CAO, who shall immediately take the appropriate measures to remove Employee from his service as the Authority’s Executive Director.

   a. In recognition of employee's professional status and integrity, Employee and the Board shall prepare a joint public statement to be made by the Board at the public meeting when the Board action of termination is announced.

delivered to the Clerk of the Board and, in the event such resignation is timely delivered, the public announcement as provided for in paragraph 5(a), above, will reflect that Employee has resigned. SUBJECT: Consider Contractual Agreement with Jones and Stokes Associates for CEQA Services

Recommended Action

Approve a contract with Jones and Stokes Associates for preparation of a Negative Declaration on the Yuba County Floodplain Management Ordinance. The work will be performed on a time and materials basis, not to exceed $19,624.

Discussion

TRLIA is currently anticipating that portions of Yuba County may be designated A-99 on updated FEMA flood insurance maps that may be issued in 2007. The current Yuba County Floodplain Management Ordinance applies to the A-99 zone, but does not provide any specific development policies for the A-99 zone. FEMA requires that local governments adopt development policies specific to the A-99 zone. The revised Floodplain Management Ordinance would be adopted by the Yuba County Board of Supervisors. The adoption of revisions to the County Floodplain Management Ordinance may be subject to the provisions of the California Environmental Quality Act (CEQA). Once Yuba County would serve as the Local Agency for CEQA. In the opinion of TRLIA, staff, the appropriate CEQA document to consider the environmental effects of proposed revisions to the Ordinance is a Negative Declaration. Jones and Stokes Associates has conducted extensive environmental consulting work in the vicinity and for TRLIA, and has provided a proposal to provide the necessary services in a timely and cost-effective manner. It is proposed that TRLIA contract for, and TRLIA staff would oversee, the preparation of the Negative Declaration on behalf of Yuba County.

Fiscal Impact

The funding for this contract has not been previously accounted for in the project budget, but is within the project funding contingency.

For all purposes of compliance by TRILIA with Section 100.6 of the California Revenue and Taxation Code, this recital shall be deemed full compliance by the TRILIA. All questions of initial determination of possessory interest and valuation of such interest, if any, shall be the responsibility of the TRILIA Assessor and the contracting parties herein. A taxable possessory interest may be created by this contract, and if created, the party in whose name such an interest is vested will be subject to the payment of property taxes levied on such an interest.

D.12.2 TRILIA shall have full ownership and control of all such writings or other communications delivered by CONSULTANT pursuant to this Agreement.

D.12.3 TRILIA shall pay CONSULTANT the reasonable value of services rendered by CONSULTANT in the date of termination pursuant to this Agreement not to exceed the amount documented by CONSULTANT and approved by TRILIA as work accomplished to date; provided, however, TRILIA shall not in any manner be liable for lost profits which might have been made by CONSULTANT had CONSULTANT completed the services required by this Agreement. In this regard, CONSULTANT shall furnish to TRILIA such financial information as in the judgment of the TRILIA is necessary to determine the reasonable value of the services rendered by CONSULTANT. In the event of a dispute as to the reasonable value of the services rendered by CONSULTANT, the decision of the TRILIA shall be final. The foregoing is cumulative and does not affect any right or remedy which TRILIA may have in law or equity.

CONSULTANT may terminate its services under this Agreement upon thirty (30) days written notice to the TRILIA, without liability for damages, if CONSULTANT is not compensated according to the provisions of the Agreement or upon any other material breach of the Agreement by TRILIA.

D.13 NON-DISCRIMINATION. Throughout the duration of this Agreement, CONSULTANT shall not unlawfully discriminate against any employees of the CONSULTANT or of the TRILIA or applicant for employment or for services or any member of the public because of race, religion, color, national origin, ancestry, physical or mental disability, medical condition, marital status, age, sex, or sexual orientation. CONSULTANT shall also abide by the Federal Civil Rights Act of 1964 and all amendments thereof, and all administrative rules and regulations issued pursuant to said Act. CONSULTANT shall give written notice of its obligations under this clause to any labor agreement. CONSULTANT shall include the non-discrimination and compliance provision of this paragraph in all subcontracts to perform work under this Agreement.

CONSULTANT agrees to comply with all provisions of section 504 et seq. of the Rehabilitation Act of 1973, and with all provisions of the Americans with Disabilities Act of 1990, and all amendments thereto, and all administrative rules and regulations issued pursuant to said Acts, pertaining to the prohibition of discrimination against qualified handicapped and disabled persons, in all programs or activities, as to employees or recipients of services.

D.15 OWNERSHIP OF INFORMATION. Plumas Lakes Development
in A-99 Approval Project
CEQA Initial Study/Negative Declaration
for Yuba County

Task 1.0. CEQA Phase 1—Initial Study

1.1 Draft Project Description

Jones & Stokes will prepare a project description consistent with the issues identified in our initial project description. Jones & Stokes staff will work closely with the Plumas Lakes Improvement Authority’s (PLIA) environmental project manager to prepare an accurate and thorough project description. Our current understanding of the project is that Yuba County has identified some limitations on development in the A-99 flood zone. Although the Plumas Lakes area, itself, is not currently mapped within the floodplain, the Forest Enterprise Management Agency (FEMA) may designate those areas as A-99 flood zones. The flood development zone with previously adopted general plan specific plans, Yuba County is now considering the possibility of future development in A-99 designated areas.

The ordnance would be modified to distinguish between an A-99 zone and a designated floodplain zone, which would allow conversion to an A-99 zone to proceed within those zones of the ordnance consistent with development in the floodplain. Our current understanding is that, once these areas are designated as A-99, the necessary support in the floodplain system will result in re-designating those areas to outside the floodplain. Consequently, Yuba County believes the Initial Study/Environmental Declaration is required. Discussions continue regarding the extent of development. The project description will address the content of the development, integrated information, and timing of the proposal approval of the ordnance and approved development in the potential A-99 zones.

We assume that the FEMA environmental project manager and the County recognize the environmental impact of allowing additional development within an A-99 zone and the requirement of a Negative Declaration or Mitigated Negative Declaration may be legally challenged and an outcome of such a challenge may require preparing an Environmental Impact Report if the Yuba County wishes to move forward with the project.

2.9 Prepare Mitigation Reporting and Monitoring Plan

Yolo County must prepare and adopt a mitigation reporting and monitoring plan within 60 days of
adopting the negative declaration. The mitigation reporting and monitoring plan will
describe the mitigation measures, how the measures will be implemented, who will be
responsible for implementing the measures, and performance standards.

Deliverables:

TO: Three Rivers Levee Improvement Authority Board
FROM: Ric Brinshard, Program Manager
SUBJECT: Consider Contractual Agreement with Bender Rosenthal, Inc. for TRLLA Phase 4 Feather River Right of Way Acquisition

Recommends Action

Approve an amendment to the existing contract with Bender Rosenthal, Inc. (BRI) for the TRLLA Phase 4 Feather River Right of Way Acquisition. The specific contract terms are detailed in the attached document (i.e., the contract document).

Discussion

The Phase 4 Feather River section of the TRLLA project comprises the east bank levee of the Feather River from the Bear River setback levee to the Yuba River (Approximately 13.6 miles). A problem identification study recently completed by Kleinfelder, under contract to TRLLA, confirmed inadequacies in certain reaches of the levee. Current contract efforts are evaluating the feasibility of a setback levee from project levee mile (PLM) 17.1 to 23.6. Current efforts are also completing an Environmental Impact Report for the entire Feather Phase 4 reach. The decision has already been made to strengthen in place the remaining of the Feather levee. These portions are Levee Mile 13.3 to 17.1 and 23.6 to 26.1, a total of 8.3 miles of levee. It is proposed to construct the strengthening in place portion of the levee in 2007. The Board has already approved a contract with GFI for design and preparation of contract documents for the modification of these sections of levee. Adequate right of way (ROW) will have to be acquired to construct the designed remediation. This effort with BRI is to accomplish all ROW planning and management, appraisals, acquisition, relocation assistance, and condemnation support for acquisition of ROW identified for the strengthening in place portions of the Feather River. Additional ROW acquisition will be required in the reach of the possible Feather River setback levee once the decision is made on the remediation measure to implement in that reach. That future ROW effort is not included in the scope of the contract amendment.
Fiscal Impact

The contract amendment would increase the existing contract by $465,303 for services on a time-and-expenses basis, to a maximum amount not exceeding $1,717,181 without prior authorization by JRLIA. The Renovation Board adopted a resolution at its April 21 Board meeting that lifted the building permit restriction. Approval of this resolution has provided an additional level of assurance that the Phase 4 finance plan will be implemented in June/July of this year. The JRLI contract amendment is a time and materials contract that can be terminated without penalty. The exposure for work to be completed through July is estimated at $80,000.

APPROVED AS TO FORM.
May 16, 2006

TO: Three Rivers Levee Improvement Authority

FROM: Randy Marpa, Deputy Executive Director

SUBJECT: Consider Approval of Levee Funding Agreement with Dunmore Homes

Recommended Action

Approve attached levee funding agreement between the Three Rivers Levee Improvement Authority (TRLIA) and Dunmore Orchard LLC.

Reason for Recommendation

The Dunmore development is located in East Linda and within the 200-year floodplain zone, as determined by a hydraulic analysis from MDB Engineers. Consequently, the development benefits from levee improvements currently being made on the Yuba River. As a result, Dunmore Orchard LLC has agreed to fund a negotiated levee fee of $2,500 per housing unit.

Background

County staff and consultants have been developing an impact fee program to assist in financing levee improvements within the southwest area of Yuba County. Since the additional work needed on the levees along with the cost for these improvements (commonly referred to as phase 4) have just recently been identified, some developers in this area have previously obtained approved tentative maps that do not have any conditions requiring the payment of impact fees. Dunmore Orchard LLC is a developer that has an approved tentative map without a condition to pay a levee impact fee or Annex into a levee community facility district. Consequently, County and TRLIA staff members have been meeting with representatives of Dunmore Orchard LLC to discuss a mutually beneficial approach to financing levee improvements that will benefit property owners occupying the homes in this area.

Discussion

The attached agreement stipulates that Dunmore Orchard LLC will pay funds in TRLIA for its Levee Improvement Program to satisfy any fees that would otherwise be required from the developer for the Program. In addition, the developer will not be required to
join the Community Facilities District anticipated to fund the Levee Improvement Program. Furthermore, TRLIA, the County of Yuba, and Dunmore Orchard LLC acknowledge that the funds to be collected under this Agreement may be more or less than would be collected under the Levee Improvement Impact Fee.

Under the terms of the agreement, Dunmore Orchard LLC agrees to pay TRLIA the sum of $2,950 per housing unit, which shall be used by TRLIA solely for the purposes of the Levee Improvement Program. The developer shall provide funding to TRLIA as follows:

1. For Tract 6, Dunmore Orchard LLC shall pay $2,950 each for 121 units (for a total of $356,950) at recordation of final map.
2. For Tract 7, Dunmore Orchard LLC shall pay $2,950 each for 81 units (for a total of $238,550) at recordation of final map.
3. For Tract 8, Dunmore Orchard LLC shall pay $2,950 each for each unit at recordation of final map (total estimated number of 47 units).

In consideration of the funding provided under this agreement, TRLIA and the County of Yuba agree that the development will not be included in any Community Facilities District (CFD) or other financing vehicle created by TRLIA. In addition, TRLIA and the County of Yuba agree that any levee impact fee adopted by either agency will not apply to this development.

Dunmore Orchard LLC does agree to support the creation of any necessary legal structure to fund the maintenance of the levees, so long as the initial costs per housing unit per year does not exceed $100 and any future annual Consumer Price Index increases.

This agreement does not obligate the County to provide any or all necessary discretionary approvals for the developer to build this development. However, the County agrees that its staff will work to expedite the processing of issuance of bonds for County of Yuba CFD No. 2005-1.

**Fiscal Impact**

Approval of this agreement will result in an aggregate amount for the Levee Improvement Program of approximately $734,550.
LEVEE FUNDING AGREEMENT REGARDING THE ORCHARD WITH DUNMORE ORCHARD, LLC

THIS LEVEE FUNDING AGREEMENT (the “Agreement”) dated May 2, 2006 for convenience, is entered into by and between the COUNTY OF YUBA, a political subdivision of the State of California (the “County”), the THREE RIVERS LEVEE IMPROVEMENT AUTHORITY, a joint powers authority providing levee improvements in southern Yuba County (the “TRILIA”), and Dunmore Orchard, LLC, a California Limited Liability Company (“Developer”), with respect to the following facts:

RECITALS:

A. Along with other companies, Developer is developing a residential subdivision commonly known as The Dunmore Orchard (the “Development”). The Development is described in Exhibit A-1 and shown on Exhibit A-2 which are attached hereto and made a part hereof. The Development is intended to be developed with approximately 249 single family dwelling units by the Developer.

B. TRILIA is currently in the process of designing and installing capital improvements to the overall levee system for southern Yuba County (“Levee Improvement Program”), which improvements TRILIA believes will benefit the Development and other property within the County. TRILIA has completed Phase 1 of the Levee Improvement Program and is in the process of completing construction of Phases 2 and 3 thereof. As the next step in this program, TRILIA will soon begin the design for Phase 4, which Phase 4 improvements, along with Phase 1 and 2 improvements, TRILIA believes will benefit the Development. TRILIA, in cooperation with County, is in the process of developing a funding source to fund the design and implementation of the remainder of the Levee Improvement Program. Funding for Phase 4 of the Levee Improvement Program will likely include adoption by the County of a Levee Improvement Impact Fee.

C. Developer is willing to pay funds to TRILIA for its Levee Improvement Program, as satisfaction of any fees that would be otherwise required from Developer for the Levee Improvement Program, and without need for Developer to join the Community Facilities District that will be formed to fund the Levee Improvement Program. The Parties acknowledge that the funds to be collected under this Agreement may be more or less than would be collected under the Levee Improvement Impact Fee.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants set forth herein, the parties hereto agree as follows:

1. Recitals: Each of the above recitals is incorporated herein and is true and correct.
2. **Advance Funding for Levee Program**

(a) Consistent with the schedule contained in subsection (b) of this Section, Developer shall provide to TRILIA the sum of $2,950 per unit for the Development, which funds shall be used by TRILIA solely for the purposes of the Levee Improvement Program.

(b) Developer shall provide funding to TRILIA as follows:

(i) For Tract 6, Dunnmore Orchard, LLC shall pay $2,950 each for 121 units (for a total of $355,950) at recording of final map.

(ii) For Tract 7, Dunnmore Orchard, LLC shall pay $2,950 each for 81 units (for a total of $238,950) at recording of final map.

(iii) For Tract 8, Dunnmore Orchard, LLC shall pay $2,950 each for each unit at recording of final map (total estimated number of 47 units).

3. **Satisfaction of Levee Funding Obligation.** In consideration of the funding provided under this Agreement, County and TRILIA agree that the Development will not be included in any Community Facilities District or other financing vehicle created by TRILIA or County for purposes of funding the Levee Improvement Program. County and TRILIA further agree that any levee impact fee adopted by the County or TRILIA to fund the Levee Improvement Program will not apply to the Development. Notwithstanding the previous two sentences, the Developer agrees, as to any units controlled by it, to not press for inclusion in a district, improvement area, or other legal structure designed to fund ongoing levee maintenance on the facilities constructed and improved under the Levee Improvement Program. Developer agrees to support the creation of any necessary legal structure to fund such maintenance so long as the initial cost per unit per year does not exceed $100 and any increases are relative to the Consumer Price Index. Developer understands that County shall intend to recommend that similarly situated developers will also be required to fund levee maintenance.

4. **No Reimbursement.** Developer acknowledges that no reimbursement of any portion of the amount advanced hereunder shall be due or payable to Developer from the County or TRILIA (i) whether or not a levee impact fee is adopted, or (ii) whether an adopted levee impact fee is less than the amount funded under this Agreement.

5. **Notwithstanding the acceptance of the funding by County and TRILIA, this Agreement does not obligate the County to provide any or all necessary discretionary approvals for Developer to build the Development, nor may the County use the fact that the Development is not included in a Community Facilities District or other financing vehicle for levee improvements to deny any or all necessary discretionary approvals for Developer. However, County agrees that its staff will work to expedite the processing of issuance of bonds for County of Valley CFD No. 2003-1.

6. **Notices.** Any notice to be provided pursuant to this Agreement shall be delivered to the following addresses:

- **TRILIA:**
- **County:**

(Handwritten note: 2)
Each party may change its address for delivery of notice by delivering written notice of such change of address to the other party.

7. **Assignment.** Developer may not assign any rights or interests in this Agreement except as all or a portion of the Development is sold.

8. **Severability.** Each provision of this Agreement is intended to be severable. If any term or provision hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the legality or validity of the remainder of the Agreement, so long as the provisions determined to be illegal or invalid do not materially alter the essential terms of this Agreement.

9. **Entire Agreement.** This Agreement (including all Exhibits attached hereto) is the entire expression and contains the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior understandings with respect thereto. This Agreement may not be amended or terminated except by written instrument signed by the parties.

10. **Attorney Fees.** In the event any action is instituted by either party seeking to enforce any of the terms or provisions of this Agreement, the prevailing party in such action shall be entitled to an award of its reasonable attorneys' fees and costs from the other party hereto.

11. **Governing Law.** This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of California.

12. **No Third Party Beneficiaries.** No person or entity shall be deemed to be a third party beneficiary hereunder, and nothing in this Agreement (either express or implied) is intended to confer upon any person or entity, other than the County, TRUJA, and the Developer, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement on the day and year first above written.

TO: Three Rivers Levee Improvement Authority Board
FROM: Ric Reinhardt, Program Manager
SUBJECT: Ratify Agreement with Kleinfielder for Geotechnical Exploration Services

Recommended Action

Ratify work accomplished by Kleinfielder for Geotechnical Exploration Services. The specific scope of the explorations is detailed in the attached document (i.e., the scope of work). Amount of this effort did not exceed $10,000.

Discussion

Design of the Yuba River Levee immediately between the UPRR and Simpson Lane requires raising of the levee. In one area of this levee, wood chips have been placed on the water side of the levee and these chips obscure the levee slope. The water side slope of the levee needed defininition so this the most efficient and effective way to raise the levee could be determined. This is the result of levee work that is being accelerated for construction this summer. This defininition had to be done quickly so that construction of this reach this summer was not jeopardized. An effective boring program was outlined and accomplished by Kleinfielder that allows the designers to determine the location of the water side levee slope in this reach and also gives some indication if hazardous materials are evident in the wood chips.

Fiscal Impact

The price for this exploration effort did not exceed $10,000.

SUBJECT: Second Implementation Agreement: Permit No. 17782

Recommended Action
Recommend approval of the attached "Second Implementation Agreement In Regard To State Reclamation Board Permit No. 17782" with any confirming and clarifying changes required after review and approval of the Agreement by the State Reclamation Board.

Background
The Three Rivers Levee Improvement Authority has previously executed an Implementation Agreement which laid out the TRLIA’s, RD 784’s, and the County’s agreement to the terms negotiated with the State Reclamation Board in regard to existing limits on building within the Plumas Lake Specific Plan and the North Arbooga Study Area. TRLIA has preserved testimony to the State Reclamation Board that the limitation on the ability to issue building permits in 2006 is hindering its ability to implement a financing plan for Phase 4 Work, resulting in a delay of the flood control improvements required to provide 200 year protection to the lands within RD 784.

As its April 21, 2006 meeting, the State Reclamation Board approved a resolution by which the Reclamation Board expressed its intent to allow the building permit limitation for 2006 to be lifted under certain circumstances, thus allowing for the acceleration of certain Phase 4 Work and the completion of the Levee Improvement Program to achieve 200 year protection for the lands within RD 784 by 2008. The attached agreement is the vehicle to agree to the certain conditions proposed to and accepted by the State Reclamation Board, thus allowing for the lifting of the building permit limitation for 2006.

Discussion
The attached Agreement would be a three way contract between Three Rivers, the County, and Reclamation District 784. The State Reclamation Board would be a third party beneficiary of this Agreement with rights of enforcement. The landowners would not be parties to this Agreement as all landowners obligations would be contained in the Phase 4 Funding Agreement being developed. Under this Second Implementation Agreement, there are two major categories of obligations: those of TRLIA and those of the County.
TRILIA

In the Agreement, TRILIA commits to continue to use reasonable diligence to complete the Phase 4 Yuba Acceleration Work in 2006 and all elements of the Levee Improvement Program by 2008.

County

In the Agreement, County commits to continue to use reasonable diligence to inform residents within RD 784 of the risk of flooding and to further refine and improve the County's Evacuation Plan and Pre-Hazard Mitigation Plan. County also agrees to limit the issuance of new final maps and building permits if the Respondents default on their commitment to fund the $135 million for levee improvement. While this is a disgruntled mitigation, it does constitute a lifting of the previously imposed maplor map requirement. County also agrees to implement any ordinance or resolutions required to implement the terms of this Agreement. Finally, County agrees that the building permit limitation will not be lifted until the Phase 4 Funding Agreement is executed.

Indemnity

This Agreement does include an indemnity provision. This indemnity provision is identical to the last one approved, both in language and scope (in other words, it does not commit TRILIA, County, or RD 784 to anything not already committed to).

The State Reclamation Board will be considering this Agreement at its May 15th meeting. Because the Reclamation Board may request changes to the Agreement at that meeting, it is requested that any agreement by the Board be subject to conforming and clarifying changes to confirm the Agreement to the final version approved by the State Reclamation Board.

Fiscal Impact

This Agreement results in no additional costs and directs the way for increased revenues into the TRILIA program as a result of the Phase 4 Funding Program.
SECOND IMPLEMENTATION AGREEMENT
IN REGARD TO
STATE RECLAMATION BOARD PERMIT NO. 17782

This Second Implementation Agreement ("Agreement"), dated for convenience this
1st day of May, 2006, is by and among the County of Yuba ("County"), the Three Rivers
Levees Improvement Authority ("TRLIA"), and Reclamation District 784 ("RD 784").

1. Definitions: As used in this Agreement, the following terms shall have the following
meanings:

a. "Affected Area" shall mean certain lands located within the Phumas Lake

and made a part hereof. As to any lands not included within the Affected Area, this Agreement
shall have limited force and effect, as described herein.

b. "Levee Improvement Program" means the phase 1 work constructed by TRLIA
in 2004, Phase 2 Work, Phase 3 Work, and Phase 4 Work, including all associated legal,
environmental mitigation and restoration, land acquisition, and engineering support efforts.

c. "Landowners" shall mean those persons or entities holding an interest in lands
within the Affected Area seeking building permits for use on those lands within the Affected
Area, prior to completion of the Phase 4 Work.

d. "Parties" shall refer to all signatories to this Agreement.

e. "Party" shall refer to one signatory to this Agreement.

f. "Phase 2 Work" shall mean improvements to the existing levees along portions
of the Western Pacific Interceptor Canal from station 0+00 to 332+50 and the right bank of the
Bear River from station 130+00 to 1694+00, and the construction of a landslide seepage barrier
along the left (south) levee of the Yuba River from Highway 70 to the UPRR.

g. "Phase 3 Work" shall mean construction of the Seabank levee on Bear River from
approximately one mile north of Bear and Feather Rivers confluence to a point approximately

[Signature]
j. "Phase 4 Yuba Work" shall mean improvements to the existing left (south) Yuba River levee upstream of the UPRR, including Phase 4 Accretion Work.

k. "Phase 4 Feather Work" shall mean improvements to the existing left (east) Feather River levee from the Bear River Setback levee to the Yuba River and may include a possible Feather Setback levee from Star Bend to Murphy Road.

l. "Potential Failure" shall mean either a failure to implement the financing program identified in section 4 below, or an inability by TRILIA, the County, and the landowners to provide funding for the Levee Improvement Program consistent with the Cash Flow Schedule contained in Exhibit B (contingent herein and hereby made a part hereof).

m. "UPRR" shall mean the Union Pacific Railroad, equivalent to Yuba River Project Levee Mile 0.02.

2. Recitals. This Agreement is made in regard to the following facts:

a. The County is a political subdivision of the State of California with planning and zoning authority over the Affected Area.

b. RD 784 is a Reclamation District formed under Water Code sections 50000 et seq., with certain responsibilities to maintain levees which provide some protection from flood for the Affected Area.

c. TRILIA is a Joint Powers Agency created by the County and RD 784 on April 1, 2004 with the purpose of assisting in providing improvements to the levee system located in the County and related to drainage improvements, and for other purposes.

d. Landowners hold interests in land within the Affected Area with various land use entitlements at various stages.

e. On September 23, 2004, TRILIA submitted to the State Reclamation Board ("Board") an amended application for Permit No. 17782, which permit would authorize improvements to the existing Project Levees along portions of the Western Pacific Inlet/Ear Canal (from station 6.50 to 322.90) and the right bank of the Bear River (from station 150.00 to 169.10), and which would also authorize the construction of a new setback levee along portions of the right bank of the Bear River (from station 131.40 to a point approximately one mile north of the confluence of the Bear and Feather Rivers) and other work.

f. At its December 17, 2004 meeting, the Board issued Permit No. 17782 with Special Condition 11 that stated:

This permit is not valid until the public safety issue regarding the continued increase in human habitation in an area with known flood risk has been resolved to the satisfaction of the Board.

g. To provide assistance to TRILIA in determining what was required to achieve Board satisfaction pursuant to Special Condition 11, the Board created an Ad Hoc Committee.

2. Second Implementation Agreement in regard to State Reclamation Board Permit No. 17782.
which met with TRLIA during seven public sessions. Throughout the two-month period during which those sessions took place, TRLIA also held a series of meetings with the Landowners to assure that Landowner interests were represented in any proposals that might be presented to satisfy the Board. During those meetings with Landowner representatives, TRLIA and the Landowners were able to formulate a proposal which, on February 18, 2005, a majority of the Board agreed to satisfy condition 13.

h. On February 22, 2005, the County adopted Ordinance No. 1340 (entitled "Initia Ordinance of the County of Yuba Controlling Issuance of Building Permits in the Phumas Lake Specific Plan Area and North Argoa Study Area and Directing Conditions of All New Tentative Maps in the Phumas Lake Specific Plan and North Argoa Study Area") to begin implementation of the proposal approved by the Board on February 18, 2005. As required by the Ordinance, the Ordinance was published in the Marysville Appeal Democrat on March 4, 2005. Most amendments to conform Ordinance No. 1340 to the proposal made to and accepted by the Board, were made to Ordinance No. 1340 by the County on March 15, 2005 pursuant to Ordinance No. 1345.

i. In April of 2005, Yuba County, TRLIA, RD 784, and a number of other parties including certain holders of interest in land within the Affected Area, executed the Implementation Agreement in regard to State Reclamation Board Permit No. 17782 and County of Yuba Ordinance Nos. 1340 and 1343 ("Implementation Agreement"). While the State Reclamation Board was not a party to the Implementation Agreement, it was an express third party beneficiary of certain provisions of the Implementation Agreement.

j. By its terms, the Implementation Agreement obligated Yuba County and the Landowners to limit the issuance of building permits within the Affected Area during 2005 and 2006 until such time as TRLIA completed Phase 2 Work and Phase 3 Work and presented certain information to the State Reclamation Board regarding Phase 4 Work.

k. TRLIA has presented testimony to the State Reclamation Board that the limitation on the ability to issue building permits in 2006 is hindering its ability to implement its financing plan for Phase 4 Work, resulting in a delay of the flood control improvements required to provide 200 year protection to the lands within RD 784.

l. At its April 21, 2006 meeting, the State Reclamation Board adopted Resolution No. 2006-, by which the State Reclamation Board expressed its intent to allow the building permit limitation for 2006 to be lifted under certain circumstances, thus allowing for the acceleration of certain Phase 4 Work and the completion of the Levee Improvement Program to achieve 200 year protection, for the lands within RD 784 by 2008.

m. The Parties now desire to enter into this Agreement to agree to the certain conditions proposed to and accepted by the State Reclamation Board, thus allowing for the lifting of the building permit limitation for 2006.

NOW, THEREFORE, in consideration of the mutual promises herein made, the Parties agree as follows:

3 Second Implementation Agreement in regard to State Reclamation Board Permit No. 17782
3. Limits on Granting of Building Permits in the Affected Area

a. Building Permits for 2006 and Beyond. Upon satisfaction of the conditions specified in Section 3(c) below, and except as provided in Section 3(c) below, the building permit limitations for 2006 imposed by the Implementation Agreement shall no longer be binding upon the Parties or the Landowners.

b. Notice of Potential Failure to Finance Program. In the event of a Potential Failure, TRILIA shall take the following step to rectify the Potential Failure and to inform the State Reclamation Board of the possibility of the Potential Failure:

(1) Within 14 days after identification of a Potential Failure, TRILIA shall provide written notice to the State Reclamation Board of the Potential Failure. This notice shall include a description of the Potential Failure and an assessment of the potential impact of the Potential Failure, if not remedied, upon the completion schedule for the Levee Improvement Program.

(2) After notice is provided to the State Reclamation Board, TRILIA and the Landowners shall have 30 days in which to prepare and submit a plan for corrective action. The plan shall be presented to the State Reclamation Board staff and/or the Three Rivers Subcommittee of the State Reclamation Board, at the discretion of the State Reclamation Board.

(3) The State Reclamation Board Staff and/or Subcommittees may consider the plan and forward the plan to the entire Reclamation Board at its next regularly scheduled meeting for consideration.

c. Curative Actions to Address Potential Failure. In the event of a Potential Failure, and after receipt and consideration of the plan developed pursuant to section 3(b)(3) above, the State Reclamation Board may request the following escalating levels of curative action to address the Potential Failure:

(1) Level 1: Continue to monitor and consider action at future date.

(2) Level 2: Require implementation of presented plan.

(3) Level 3: Notify TRILIA and the County to stop recording flood maps in the Affected Area.

(4) Level 4: Notify TRILIA and the County to stop the issuance of building permits in the Affected Area.

d. Implementation of Curative Actions. Upon request by the State Reclamation Board pursuant to Section 3(c) above, TRILIA and the County shall take all necessary steps to implement the curative action requested by the State Reclamation Board. In addition to the steps to be taken pursuant to the previous sentence, the County may implement any of the curative actions identified under Section 3(c) above in order to address a Potential Failure, even if not so requested by the State Reclamation Board.

4. Second Implementation Agreement in regard to State Reclamation Board Permit No. 17782

7/7/06
Conditions for the Lifting of the 2006 Building Permit Limitations. The building permit limitations for 2006 shall be lifted upon satisfaction of all of the following conditions:

(1) Execution of the Second Implementation Agreement by County, TRILIA, and RD 784 and approval of this Second Implementation Agreement by the State Reclamation Board;

(2) Execution of the Phase 4 Funding Agreement, as described by Section 4 below, by the County, TRILIA, RD 784, and the number of Landowners sufficient to raise the required $135 million;

(3) The placement of the first call amount of $20 million in an escrow account for use for Phase 4 Yuba Acceleration Work; and

(4) Adoption by County of any ordinances or resolutions necessary to effectuate the commitments made by the County in this Agreement and in the Phase 4 Funding Agreement (described in Section 4 below), including without limitation, the requirement that Landowners provide, at no cost to all new residents in the Affected Area, flood insurance through the completion of the Levee Improvement Program of 2010 (whichever occurs first).

a. Financing Programs.

a. Development of Funding Agreement. In order to assure the necessary and timely funding of all construction required for Phase 4 Work, along with unexpected costs associated with Phase 2 Work and Phase 3 Work, the Landowners agree that as a condition of the lifting of the building permit limitation currently in effect for 2006, the Landowners will enter into an Agreement for Phase 4 Funding and Reimbursement of Costs for Levee Improvements ("Phase 4 Funding Agreement") which will require the Landowners to pay certain costs for the Levee Improvement Program as identified in Exhibit B.

b. Elements of the Funding Agreement. The Phase 4 Funding Agreement shall include the following elements:

(1) It shall ensure that, consistent with Exhibit B, funding is available from the Landowners in the amount needed for Phase 4 Work, including unexpected costs for Phase 2 Work and Phase 3 Work. The Parties shall update using the Cash Flow Schedule contained in Exhibit B unless a revised Cash Flow Schedule with new call dates is adopted by TRILIA;

(2) A commitment by the Landowners to provide, at no cost to all new residents in the Affected Area, flood insurance through the completion of the Levee Improvement Program of 2010 (whichever occurs first); and

(3) Inclusion of the following waiver and release provision:

As a condition of this Agreement, all Landowners release, waive, and abandon any and all claims, demands, rights, causes of action, and

Second Implementation Agreement in regard to State Reclamation Board Permit No. 17782
proceedings, they may now or hereafter have against the County, TRLLA, and RD 784, or their agents, officers, and employees, in attack, set aside, void or annul implementation of this Agreement or Ordinance No. 3, as they may be amended. Each of the Hawkins has been advised by counsel regarding, and hereby expressly waives, any protection or benefit provided by California Civil Code section 1542, which provides:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

5. Additional Commitments by County and TRLLA.
   a. TRLLA commits to continue to use reasonable diligence in implementing the Phase 4 Yuba Accelerated Work in 2006 and all elements of the Levee Improvement Program by 2008.
   b. County commits to continue to use reasonable diligence to inform residents within RD 784 of the risk of flooding and to further refine and improve the County’s Evacuation Plan and Floodplain Mitigation Plan.

6. Hold Harmless and Waiver/Release. The County, TRLLA, and RD 784 agree jointly and severally to defend, indemnify and hold the State of California, including its agencies, departments, boards, and commissions, and their respective officers, agents, employees, successors and assigns, safe and harmless from and from all claims and damages arising out of the Project, and to discharge this obligation to the extent allowed by law. For purposes of this section, “Project” shall mean the levees from Station 130+00 to Station 169+00 on the right bank of the Bear River, from Station 0+00 to 332+50 on the right bank of WMP, and a new backup levee approximately 2 miles in length from approximately Station 121+00 on the Bear River to the Feather River levee approximately 1 mile north of the confluence with the Bear River, all as modified pursuant to Permit No. 17782, and any other areas where work is performed under Sutter County Board Permit No. 17782. Work performed by TRLLA on these levees shall be deemed part of the Project, even if not authorized by the Permit. This section shall not preclude the County, TRLLA, and RD 784 from contracting for additional indemnity and the responsibility to defend against, themselves, but said appointment shall not limit the rights of the State of California to full defense and indemnification from these three Parties.

7. Successors and Assigns; Recodification.
   a. Successors and Assigns. The provisions of this Agreement shall apply to, be binding upon, and inure to the benefit of all assigns of the Parties.
   b. Recodification. The Parties agree to cooperate in the recording of any releases required to address the filing of the building permit lodged in Landscents.
