RESOLUTION CERTIFYING AN ENVIRONMENTAL IMPACT REPORT FOR ENVIRONMENTAL ASSESSMENT OF BEAR RIVER AND WPIC LEVEE IMPROVEMENTS PROJECT AND ADOPTING MITIGATION MEASURES AND A MITIGATION MONITORING PLAN	)	**RESOLUTION NO.** 04-02

WHEREAS, The Three Rivers Levee Improvement Authority is proposing to conduct repair work on the Bear River, Feather River, and WPIC Levees as a result of a geological report identifying foundation problems; and

WHEREAS, an early notification describing the project and requesting input was circulated to affected individuals and agencies as prescribed under the California Environmental Quality Act; and

WHEREAS, Jones & Stokes, an environmental consulting firm has prepared an Environmental Impact Report (EIR) for the proposed project, which concludes that the project may have significant environmental impacts. As an EIR, this document evaluates the impacts of the proposed project and reasonable alternatives. Mitigation measures are identified to eliminate or reduce the magnitude of impacts.
